NFPA 211 Coordination Task Group May 14, 2014 – 2017.

DESCRIBE, IN 100 WORDS OR LESS, WHY YOU FEEL YOU ARE QUALIFIED FOR THIS POSITION: As a professional that investigates in over twenty states, I have a greater understanding of the regional challenges that present themselves across our country. I intend to bring this information and use it to benefit our members. I am privileged to work alongside some of the top investigators and experts within our field. This well-rounded knowledge will assist me in my tasks as director. I am a hard worker and would like to dedicate my services to assist others within our Association. Thank you for the opportunity to serve.

WHY DO YOU WANT TO BECOME A DIRECTOR OR OFFICER OF THE IAAI? I have been blessed with quality education from both the IAAI International and my local IAAI Chapter 22. Without this professional training and the mentoring by many of its members, I would not have the knowledge and skills required to fulfill my tasks. I will be forever be grateful to IAAI and would like to dedicate time to help others. Serving on the IAAI Board is a fulfilling way to do so.

WHAT DO YOU BELIEVE ARE YOUR BEST LEADERSHIP TRAITS, AND HOW WOULD YOU USE THEM AS A DIRECTOR OR OFFICER OF THE IAAI? As a recognized expert in my field, I understand the importance of details. I bring this detail to every JPR and task I perform. I will also bring this professional attribute to my tasks as a Director.

I have a strong understanding of what is right and wrong. I will fight for what is right for the Members and our Associations.

As a Multi business owner, I have learned to multitask and work with moving targets. These skills are invaluable for the work that will be necessary as an IAAI Director.

And last, my experience as a Director, 2nd VP, 1st VP and President of my local IAAI Chapter has provided me with all the skills necessary to execute my duties as an IAAI Director.

WHAT STEPS DO YOU BELIEVE SHOULD BE TAKEN TO GROW MEMBERSHIP? There are no shortcuts to increasing membership. We are looking for quality individuals that understand the true value of professional education and place this training at the forefront of their careers. Providing quality education through the Covid-19 epidemic has been a challenge. I believe that the continued use of current technology for off-site education will be popular for years to come. However, there remains the desire and professional need for hands-on, in-person training. I feel that providing this quality education and training in combination with the current technology will continue to increase our knowledge along with our membership even in these changing times.

HOW WOULD YOU PROPOSE TO IMPROVE RELATIONSHIPS AND COMMUNICATIONS BETWEEN THE INTERNATIONAL AND CHAPTERS? I would propose more communication via zoom or other communication platforms for personal contact. It is important for our members to be able to voice their concerns and confirm those actions and aspects that are successful with their Association. Without proper communication there is little value in any association.

WHAT ARE YOUR RECOMMENDATIONS FOR FUTURE FUNDING OF CFITRAINER.NET? The obvious is grant money. In addition, there should be a sponsorship program where private companies and individuals can offer a tax-deductible donation. Those that financially support CFITrainer.net education program should be appreciated and recognized.

OTHER THAN TRAINING FIRE INVESTIGATORS, WHAT TWO OR THREE OTHER ELEMENTS DO YOU CONSIDER AS CRITICAL TO THE MISSION OF THE IAAI? It is critical to improve the working relationship between the Public and Private investigators. This interaction is valuable to both parties and assists in forming the correct conclusions and assistance in financial resources.

Communication to the general public can be an important action for our association. Notifications and general education will help save lives and property as well as support our grant efforts and other financial sponsorship.
